

A **prefix** goes at the beginning of a word. A **suffix** goes at the end of a word.

A **prefix** is placed at the beginning of a word to modify or change its meaning. This is a list of the most common prefixes in English, together with their basic meaning and some examples. You can find more detail or precision for each prefix in any good dictionary. The origins of words are extremely complicated. You should use this list as a guide only, to help you understand possible meanings. But be very careful, because often what appears to be a prefix is not a prefix at all. Note also that this list does not include elements like "auto-" or "bio-", because these are "combining forms", not prefixes.

Prefix		Meaning	Examples
a-	<i>also</i> an-	not, without	atheist, anaemic
a-		to, towards	aside, aback
		in the process of, in a particular state	a-hunting, aglow
